Each mattress is individually crafted with the finest materials for the utmost in comfort, protection and durability. Fabrics are exclusively designed to meet the unique requirements of the camping and hospitality industry and for all other commercial and institutional uses. Custom sizes are available.

- Environmentally friendly, 100% recyclable "**Green**" product (entire sleep system can be recycled at the end of its life cycle).
- Revolutionary, patented high-tech premium fiber sleep support system holds mattress shape and **eliminates "sagging"**.
- Contains anti-microbial protection that **prevents** growth of mildew and fungus.
- "Breathable", hypoallergenic design for superior **comfort and safety**.
- Reversible, **two-sided** construction for extended mattress life.
- Contains **no hazardous** foam or chemicals.
- Fully **wipeable** surfaces that can be disinfected after each change of user.
- Cover is SoFlux OX®, a **breathable**, polyurethane coated nylon fabric. Does not sleep hot.
- Inner/inverted seam design has **no tape edge**, eliminating the main hiding place where bed bugs may reside and lay eggs and greatly reducing the risk of parasite infestation of the mattress.
- Bio-Hazards - the side seam construction, combined with the antimicrobial properties of the SoFlux OX® cover, **resists the passage of biohazards** to the inner mattress areas.
